Joyce Crowe, Lyndsay Carper

Trinity Baptist Church is pleased to offer a preventive health event. Life Line Screening, a leading provider of community-based preventive health screenings, will host their affordable, non-invasive and painless health screenings on May 17, 2019.

Five screenings will be offered that scan for potential health problems related to: Blocked arteries which is a leading cause of stroke; Abdominal aortic aneurysms which can lead to a ruptured aorta; Hardening of the arteries in the legs which is a strong predictor of heart disease; Atrial fibrillation or irregular heart beat, which is closely tied to stroke risk; and a bone density screening, for men and women, used to assess the risk of osteoporosis.

We will have more information in the bulletin over the next four weeks with costs and how to register for this event.
